Ban orders soon

at KRS Backwaters in Meenakshipura

Mysuru in-Charge Secretary Dr. S. Selvakumar (also the Principal Secretary, Department of Commerce & Industries), Mysuru Deputy Commissioner G. Lakshmikanth Reddy, Zilla Panchayat CEO S. Ukesh Kumar, Mysuru Tahsildar Mahesh Kumar and other officials visiting the KRS Backwaters at Meenakshipura yesterday. Picture right shows a notice board put up by Anandur Gram Panchayat banning visitors against swimming, consuming liquor and littering wastes in KRS Backwaters.

Mysuru, July 22 (MTY&BCT)- In the wake of a tragic incident where three nursing students drowned at the KRS Backwaters, the Mysuru District Administration is finally moving to take firm action.

Authorities are actively considering prohibitory orders under Section 163 of the Bharatiya Nagarik Suraksha Sanhita (BNSS) to restrict public access to the danger-prone area.

On Sunday, three students from Mandya Institute of Medical Sciences (MIMS) Nursing College — Prashanth (21) from Anivalu village in Periyapatna, Siddesh (22) from Santhemarahalli in Yelandur taluk and Krishna (21) from Koppal district — drowned while engaging in recreational activities near Meenakshipura in Mysuru taluk.

The tragedy prompted an immediate inspection by senior officials, including District in-Charge Secretary Dr. S. Selvakumar, Deputy Commissioner G. Lakshmikanth Reddy, Zilla Panchayat (ZP) CEO Ukesh Kumar and Tahsildar Mahesh Kumar, who visited the site yesterday afternoon.

Stampede at M. Chinnaswamy Stadium, Bengaluru

Crowd control SOP for Jumboo Savari

Mysuru, July 22 (MK&BCT)- Mysuru's globally renowned Dasara *Jumboo Savari* procession draws lakhs of visitors from across India and abroad every year.

While the celebration showcases the city's rich cultural heritage, growing crowd density has raised serious concerns over public safety, mismanagement and accessibility — especially for those holding special passes and tickets.

File photo

In the wake of recent tragedies, such as the stampede during RCB's victory event at Bengaluru's M. Chinnaswamy Stadium on June 4, which claimed 11 lives, including those of several youngsters, the Mysuru District Administration is preparing to implement a comprehensive **Standard Operating Procedure (SOP)** for this year's Dasara.

Following the Bengaluru incident, Karnataka Police issued an SOP aimed at ensuring smooth and safe conduct of large-scale events. This will now be extended to key Dasara venues such as the *Jumboo Savari* route, Mysore Palace premises and Yuva Dasara grounds.

Speaking to *Star of Mysore,* Deputy Commissioner G. Lakshmikanth Reddy said that the SOP will be strictly enforced to manage crowds and maintain public order at high-footfall locations. "The State Government has issued detailed security guidelines for all major event organisers, including District Administrations, and these will be mandatorily followed. The SOP will be implemented at *Jumboo Savari,* inside the Palace grounds, during Yuva Dasara and other crowded venues," he stated.

EDITOR'S BOTTOMLINE

POLITICS OVER PROGRESS: ***Politics, at its best, is a triangulation of individual interests, collective purpose and institutional structures that guide society towards a shared future. But in Karnataka — as in much of India — this vision is unstructured and chaotic, reducing politics to a tool of self-service, devoid of ideals of true social upliftment. The ongoing tussle for leadership in the Karnataka Congress is a case in point, where personal interests and ambitions of leaders have overshadowed governance and any development agenda...***

While CM Siddaramaiah focuses on displaying his strength in his hometown, the Congress appears rudderless at the national level. AICC President Mallikarjun Kharge is increasingly seen as a figurehead, while Rahul Gandhi, the Leader of the Opposition in Lok Sabha, remains adrift with no clear political direction. His course keeps shifting unpredictably, while his sister, Priyanka Gandhi-Vadra, appears unwilling to assume a leadership role. Many of the brave and capable have already deserted the party and Congress appears to lack any coherent strategy to tackle this leadership crisis.

Caught between generous welfare schemes on the one hand and mounting fiscal concerns on the other — including allegations of empty coffers, price inflation, rising corruption and fresh GST demand notices — the Congress government in Karnataka is visibly struggling. Its narrative of governance and strong leadership now teeters on the edge. As the party tries to hold its ground against the BJP, the public appears to be increasingly disillusioned by soaring living costs and disjointed politics. Far from witnessing a revolution, the people of Karnataka are, in fact, experiencing a regression. Their concerns and hopes must now await the next election — for better or worse.

Pilot finds dog lost in wilderness

Anchorage: A dog who went missing during a camping trip in Alaska was found over a week later by a pilot who decided to go searching in his small plane.

Soldotna residents Lewis and Amber Ekle said they were camping near Carmen Lake over the Fourth of July weekend when their dog, Koda, became spooked and ran off.

The couple spent nine days searching for Koda on foot and by boat, but they couldn't find any sign of the canine.

They posted about the missing dog in several different Facebook groups, getting the attention of multiple volunteer searchers, including pilot John Kagerer.

The pilot landed his plane about a half mile from where Koda disappeared, and the dog appeared within minutes. He used some dog treats to lure Koda so that he could secure him with a rope and load him into the plane for a flight back to Anchorage for a reunion with his owners.

Garbage dumping, blocked footpath on Vani Vilas Road

Sir,

We are proud that Mysuru has been recognised as the third cleanest city in India. Congratulations to all those who have worked tirelessly to maintain the city's cleanliness.

However, we wish to highlight a persistent issue on Vani Vilas Road, where some individuals continue to irresponsibly dump food waste, liquor bottles and other garbage.

We urge the Mysuru City Corporation (MCC) authorities to take strict action against those tarnishing the city's image.

Additionally, the roadside drainage in this area has been blocked for over two years, resulting in a severely damaged footpath filled with potholes.

We request immediate attention to restore proper drainage and pedestrian access too.

Hope the MCC Commissioner Shaikh Tanveer Asif will look into such issues across the city and help the tax-paying citizens.

'Sadhana Samavesha' was to blackmail Congress High Command: BJP MLA

Mysuru, July 22 (MTY&DM)- MLA T.S. Srivatsa has accused Chief Minister Siddaramaiah of holding the State Congress Government's 'Sadhana Samavesha' at his home district Mysuru, only with the purpose of blackmailing the Congress High Command and to target Prime Minister Modi.

Addressing a press meet at the City BJP office in Chamarajapuram here yesterday, Srivatsa called the 'Sadhana Samavesha' as a one-point agenda to criticise PM Modi.

Asking the CM to clarify whether the Mysuru Samavesha was organised by the Government or the Congress party, Srivatsa said that the posters of the Samavesha carried pictures of only Congress leaders, while ignoring leaders of other parties such as former PM H.D. Deve Gowda. Such an action is a clear violation of the protocol to be followed in Government sponsored conventions and rallies, he added.

Lashing out at CM Siddaramaiah for unfairly targeting PM Modi, the MLA said that the Centre has provided Rs. 2,627 crore grant for National Highways in the State, Rs. 1,393 crore to Mysuru under Jal Jeevan Mission, Rs. 170 crore for construction of RUBs/ROBs (Railway Under Bridges/Railway Over Bridges), Rs. 3,000 crore to Mysuru district under MUDRA scheme and adequate funds to a host of other schemes and projects.

In such a case, the CM's outburst against the PM is ridiculous, he said adding that the 'Sadhana Samavesha' was used as a convenient tool by the CM and other Congress leaders to criticise the Centre and PM Modi.

Asserting that the Union Government, led by PM Modi, has granted a lot of funds for development of Mysuru, he challenged Siddaramaiah for an open debate on the contributions of BJP-JD(S) and that of the Congress for the growth of Mysuru.

Maintaining that the growing difference between CM Siddaramaiah and his Deputy D.K. Shivakumar came to the fore once again during the Samavesha, he charged the CM of deliberately ignoring Deputy Chief Minister D.K. Shivakumar at the rally.

He also questioned the CM's attitude during the entire course of the convention.

City BJP President L. Nagendra, former Mayor Shivakumar, party leaders M.A. Mohan, Maheshraje Urs, Dayananda Patel and others were present at the press meet.

Speaking after presiding over the progress review meeting at Zilla Panchayat (ZP) Hall here yesterday, he directed the officials to re-verify the differences noticed in attendance of children aged between 3 and 6 years at Anganwadi centres and submit a report in this regard in a week.

Women and Child Welfare Department Deputy Director B. Two books on crimes and investigation launched

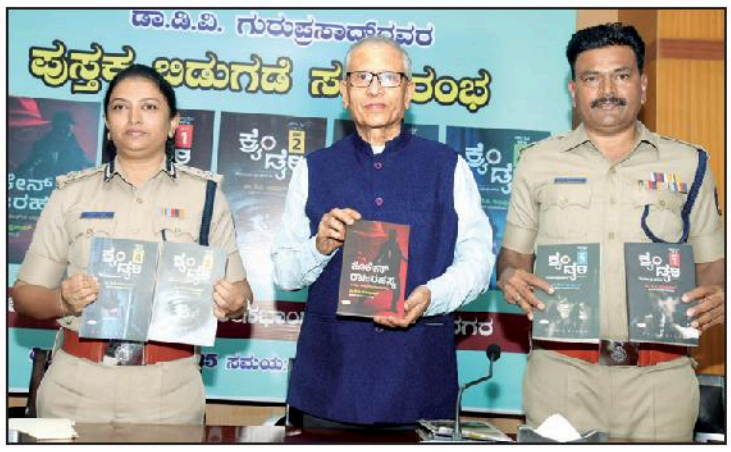
Police & public should interact with each other: Retired DGP



City Police Commissioner Seema Latkar releasing the books authored by former DGP Dr. D.V. Guruprasad (centre) at City Police Commissioner's Office in city this morning as DCP K.S. Sundar Raj (right) looks on.

Mysuru, July 22 (MK&DM)- City Police Commissioner Seema Latkar released two books *Crime Dairy* (4 parts) and *Cocaine Raja Rahasya* authored by former DGP Dr. D.V. Guruprasad at a programme held at the City Police Commissioner's Office in Nazarbad this morning.

Speaking on the occasion, author Dr. D.V. Guruprasad, who is a retired DGP of the State, said that he has been writing books for the past 45 years.

Stressing the need for the Police and the public to come together for the safety and security of citizens, he emphasised that the Police should work in a transparent manner.

Pointing out that the stories in the books are based on real crimes and incidents that occurred across the State, he said that the books also contain some crime incidents that occurred in Mysuru too and the ways used in investigation of such crimes and cracking of cases.

"These books are not only helpful to the Police, but also to public as well. The books make an interesting reading. These books even have some interesting findings on forest brigand Veerappan. While Veerappan was involved in 129 cases of murder and other crimes, Colombian mafia king Pablo Escobar earned worldwide notoriety for killing as many as 4,000 Policemen and looted enormous wealth, which could have been enough to clear the external debts of Colombia", he said.

Asking the Police personnel not to feel dejected if their children failed in exams, Dr. Guruprasad advised that motivational books should be given to children, as they develop inspiration among them. The children of Police personnel should come up in the society and strive for the society's development, he noted.

Police Commissioner Seema Latkar, in her address, said that it is difficult to pen down all the matters that we have read. Dr. Guruprasad is a model to everyone as he has penned a good number of books while in service as a top-most Police Officer. Calling upon the Police personnel to learn at least one new word or phrase every day as it enhances their knowledge, she contended that reading books will bring about a change for the better.

DCP K.S. Sundar Raj was also present at the book launch.

Gita Gopinath leaving IMF in August-end, to rejoin Harvard

Gita Gopinath

Washington, July 22 (Agencies)- Mysuru-born Economist Gita Gopinath, currently the First Deputy Managing Director at the International Monetary Fund (IMF), is stepping down to return to academia. She will rejoin Harvard University as a professor in the Economics Department.

"After nearly seven amazing years at the IMF, I have decided to return to my academic roots," Gita Gopinath announced on X.

Starting Sept. 1, she will assume the newly created position of Gregory and Ania Coffey Professor of Economics at Harvard, marking a new chapter in her illustrious career.

Gita Gopinath, the first woman to serve as Chief Economist at the IMF, said she is "truly grateful" for her time at the institution. She joined the IMF in 2019 and was promoted to First Deputy Managing Director in 2022.

Calling her tenure a "once-in-a-lifetime opportunity," Gita Gopinath said she was proud to serve the IMF during a time of global challenges.

IMF Managing Director Kristalina Georgieva praised Gita Gopinath as "an outstanding colleague — an exceptional intellectual leader, deeply committed to the Fund's mission, and a caring, capable manager who inspired our staff."

First Deputy Managing Director is the position of number two official at the IMF.

Gita Gopinath's parents T.V. Gopinath and V.C. Vijayalakshmi, both from Kerala, currently reside in Mysuru.

President Murmu accepts VP Dhankhar's resignation

New Delhi, July 22 (Agencies)- President Droupadi Murmu has accepted the resignation of Vice-President (VP) Jagdeep Dhankhar, whose unexpected decision yesterday sent shockwaves through the political landscape. Her approval has been forwarded to the Ministry of Home Affairs, with an official notification expected shortly.

The 74-year-old Dhankhar announced his resignation on Monday, shortly after presiding over the first day of the Parliament's Monsoon Session as Rajya Sabha Chairman. In his letter to the President, he cited health concerns and the need to prioritise medical advice.

The sudden move has raised eyebrows, particularly within the Opposition. Congress leader Jairam Ramesh, who spoke to Dhankhar just two hours before the announcement, said the Vice-President appeared composed and gave no indication of any imminent decision.

"There's perhaps far more to this resignation than meets the eye," he remarked.

Adding to the intrigue was a row over the absence of Union Ministers J.P. Nadda and Kiren Rijiju from a crucial Business Advisory Committee (BAC) meeting at 4.30 pm on Monday.

Dhankhar was reportedly upset over their no-show, though both had attended the earlier meeting at 12.30 pm. Nadda later clarified that they had informed Dhankhar in advance, citing urgent Parliamentary commitments.

The resignation has triggered a flurry of consultations among Opposition leaders. Floor leaders from both Houses met ahead of today's proceedings, with AICC President Mallikarjun Kharge and LoP Rahul Gandhi among those present.

Prime Minister Narendra Modi, in a statement, praised Dhankhar's contributions, noting that he had "many opportunities to serve the nation in various capacities."

Dhankhar was absent from the Rajya Sabha today. As per Article 67 of the Constitution, Deputy Chairman Harivansh Narayan Singh will discharge the duties of the Vice-President until a new one is elected.

Appointed in August 2022, Dhankhar's term was scheduled to run until 2027.

VTU's Green Club undertakes seed ball drive at Bettadapura

Mysuru, July 22 (BCT)- As part of its ongoing Green Club initiative, the Department of Management Studies at Visvesvaraya Technological University (VTU) organised a seed ball distribution programme at Sidilu Mallikarjunaswamy Temple at Bettadapura in Periyapatna.

The event saw the participation of 55 MBA students specialising in Digital Marketing. The primary objective of the initiative was to promote forest regeneration and raise awareness among youth about the ecological and economic importance of forests.

Addressing the students, Vilas Rao from the Forest Department and Disaster Response Force (DRF) underscored the critical role Green Clubs play in fostering environmental stewardship among the younger generation.

The Green Club aims to cultivate an eco-conscious mindset within educational institutions by advocating sustainable practices in areas such as water and energy conservation, waste management and circular economy principles.

These Clubs are designed to empower students to lead community-based environmental projects and integrate sustainability into their daily lives.

Dr. T.P. Renuka Murthy, Professor, Department of Management Studies, encouraged students to continue their green efforts, such as tree planting, even after completing their academic programmes. The event was coordinated by Dr. M.K. Manjunath, with support from Dr. Deepak, Dr. Bhagyalakshmi and Nivididha.

MUDA alternative sites allotment case

Congress celebrates SC relief to CM Siddaramaiah

KPCC Spokesperson slams ED and GST regime

Mysuru, July 22 (BLU&BCT)- A day after the Supreme Court (SC) dismissed an appeal filed by the Enforcement Directorate (ED) challenging the Karnataka High Court's order quashing summons issued to B.M. Parvathi, wife of Chief Minister Siddaramaiah and Urban Development Minister Byrathi Suresh in the MUDA alternative sites allotment case, Congress workers celebrated the verdict with jubilation in Mysuru.

Party workers gathered near the Lokayukta Office here this morning, distributed sweets and raised slogans in support of Siddaramaiah. Karnataka Pradesh Congress Committee (KPCC) Spokesperson M. Lakshmana led the celebrations and later addressed the media.

He alleged that for over a year, the BJP and JD(S) had conspired to malign Siddaramaiah's image by dragging him and his family into the MUDA land allotment controversy. "They made baseless accusations against his wife, B.M. Parvathi, causing her immense mental trauma. But today, truth has prevailed. The Supreme Court's decision confirms what Siddaramaiah has always said — 'Satyameva Jayate' is on our side," he said.

He further accused Central investigation agencies of being misused for political vendetta. "They even paid side actors to fabricate charges. These agencies must not be allowed to operate as political arms of the ruling party at the Centre," he charged.

Takes on taxation and GST

Following the celebration, Lakshman addressed the media in front of the Commercial Tax Office, located opposite the Lokayukta Office. He criticised the Commercial Tax Department for issuing what he termed as "unjust and excessive" notices to traders across Karnataka.

He chose to pin the blame on the Central Government, asserting that the Congress-led State Government had no role in it.

Quoting Section 22 of the GST Act, Lakshman clarified that while commerce is a State subject, the GST framework is centrally controlled. "The State Government is not responsible for this burden. It is the Centre that must be held accountable," he claimed.

Lashing out at what he described as a draconian tax regime, Lakshman said, "Even small vendors are being taxed heavily. Consumers are paying GST multiple times — sometimes up to six layers on a single idli. Essentials like rice, fertilisers, medicines and seeds are taxed repeatedly. This is nothing short of economic exploitation."

He accused Opposition parties of falsely linking tax hardships to the State Government. "Certain IRS officials are also spreading half-baked information, adding to public confusion," he said.

Lakshman extended the Congress party's full support to any future trader-led protests against the GST system. He demanded that Joint Commissioner Meera Pandit provide a detailed explanation on three key issues: Excessive taxation, misinformation being spread through tax notices and the relief measures available for affected traders.

Crowd control SOP

(Continued from page 1)

"To prevent incidents like the Chinnaswamy Stadium stampede, the guidelines will be enforced wherever necessary," DC Lakshmikanth Reddy added.

Plans at Palace ineffective

With lakhs expected to attend this year's Dasara procession, stakeholders, including business owners, traders and former Corporators, are calling for immediate implementation of an SOP to ensure smooth and safe celebrations. As the procession begins from Mysore Palace, massive crowds converge near the Ambari elephant, often without effective crowd control. Thousands claiming to be Dasara Sub-Committee members gather around the elephant team, creating dangerous congestion.

Meanwhile, those who have paid thousands of rupees for Gold Cards and tickets struggle for a clear view of Goddess Chamundeshwari and procession.

Despite annual crowd management efforts within Palace premises, most plans have proven ineffective. Stakeholders insist that clear SOPs and strict crowd discipline are critical for a safe & seamless *Jumboo Savari*.

Demand for order and discipline

Implementing safety protocols, they say, will allow tourists from across the country and abroad to enjoy the festivities without disruption. To project Mysuru's heritage on a global stage, order and discipline — especially at high-footfall events — are essential.

Mysuru Hotel Owners' Association President C. Narayanagowda said, "SOP implementation would be a welcome step. By the grace of Goddess Chamundeshwari, no major mishap has occurred in recent years. But that's no reason for complacency. Prescribed safety measures must be strictly followed."

Former Corporator K.V. Sridhar added that even minor changes and preventive SOPs would go a long way in ensuring safety and success of both *Jumboo Savari* and Torchlight Parade.

Key SOP guidelines

- Venue safety audits must be conducted.
- Coordination required with event organisers for planning.
- Police must assess: High-risk zones, estimated footfall and emergency preparedness.
- Event-specific plans must outline roles for Police and security staff.
- Crowd movement control, medical aid arrangements and evacuation routes.
- Distinct access points for VIPs, general attendees.
- Trained personnel must be stationed at entry gates and high-density zones.
- Entry screening and queue management protocols to be in place.
- Clear signage and public address systems are mandatory before event commencement.
- In emergencies (stampedes/fires), designated teams must follow predefined protocols.
- Dispersal procedures must include three structured warnings and clear identification of exit routes.
- All public movements, decisions and alerts to be recorded via audio/video.

Ban orders soon at KRS Backwaters

(Continued from page 1)

As a precaution, multiple warning boards have been installed near Meenakshipura to alert tourists and reinforce safety protocols. Visitors are advised to remain vigilant while at the site.

The team gathered on-ground intelligence about unauthorised activities around Meenakshipura and the circumstances leading to the drowning. Yelwal Sub-Inspector Mahendra has been directed to file a detailed report, while Tahsildar Mahesh Kumar has been tasked with preparing a separate proposal for the imposition of Section 163.

Restrictions will be enforced following the approval of this report. Every day, hundreds of people visit the KRS Backwaters, with numbers swelling on weekends and holidays. Though the tourist influx benefits local traders, residents have long voiced concerns about reckless, alcohol-fuelled behaviour near the water, turning the site into a hotspot for avoidable accidents.

On July 7, *Star of Mysore* published a detailed exposé titled 'KRS Backwaters... Trashed', highlighting unchecked drinking, littering and safety violations. The very next day, Yelwal Police booked one person for illegal liquor sale and four others for drinking at the site.

In response, residents and Police placed logs and stones to block vehicle access — a temporary measure that failed to avert Sunday's tragedy.

The drowning of the three students has now become a decisive moment for the District Administration to crack down.

What began as phased, community-driven attempts to limit access has evolved into a full-fledged administrative push for formal restrictions.

Civic groups take up clean-up drive

Mysuru, July 22 (BCT)- Civic groups and residents came together at Krishna Raja Sagar (KRS) Backwaters in Meenakshipura on Saturday to conduct a major cleanliness drive aimed at curbing pollution and raising environmental awareness in the region.

Amidst the serene setting of Cauvery River, over 130 volunteers participated in the initiative, collecting more than two tonnes of waste — including plastic wrappers, liquor bottles, and other discarded items — from the Backwater banks. The waste was later transported to authorised segregation and processing units.

The drive was jointly organised by Anandur Gram Panchayat, Mysuru Taluk Farmers' Association, Environmental Warriors Group (Mysuru), Rotary Yelwal North Mysuru Community, Mysore Grahakara Parishat and Brick Owners' Association, with support from local residents and youth.

Participants took a pledge to continue efforts to maintain cleanliness and protect the region's fragile ecosystem, which has seen growing environmental degradation due to unregulated tourism and irresponsible visitor behaviour.

WORD OF THE DAY

Hubris

Pronunciation: HYOO-bris (Noun).
Meaning: Hubris is a formal and literary word that refers to a great or foolish amount of pride or confidence.
Origin: English picked up both the concept of hubris and the term for that particular brand of cockiness from the ancient Greeks, who considered hubris a dangerous character flaw capable of provoking the wrath of the gods. In classical Greek tragedy, hubris was often a fatal shortcoming that brought about the fall of the tragic hero. Typically, overconfidence led the hero to attempt to overstep the boundaries of human limitations and assume a godlike status; in response, the gods inevitably humbled the offender with a sharp reminder of human mortality. Take, for example, the story of Phaethon, a mortal son of the sun god Helios. In his hubris, Phaethon drives his father's sun chariot into the heavens but loses control of its horses. The chariot begins to scorch the earth, and Zeus strikes Phaethon down with a thunderbolt.
Example: "The film was billed to me as an attempt to capture the real power and bumbling hubris of a bunch of arrogant and wealthy men ... who try to rewire the world and find themselves in way over their heads." — Charlie Warzel, The Atlantic, 30 May 2025.

THE ODD WORD

PHRASE OF THE DAY

It's a Small World

Meaning: The phrase 'It's a Small World' is used when you have encountered the same people, events, or situations in an unexpected place or you have discovered that someone knows a person you also know.
Origin: The phrase 'It's a small world' is an ancient one with no known origin. It has been used for hundreds of years in Spanish-speaking countries, where it's said 'El mundo es un panuelo.'
Example: "Imagine you knowing Sheri! It's a small world, isn't it?"
